

Patents and Companies Registration Agency

ZAMBIA INDUSTRIAL PROPERTY JOURNAL

**The Official Journal of Patents, Trade Marks & Designs
for the Patents and Companies Registration Agency**

FOREWORD

I am pleased to present the redesigned and expanded Industrial Property Journal (“the Journal”) of the Patents and Companies Registration Agency (“the Agency”). The Journal, a monthly publication of the Agency, serves as the official medium for publishing industrial property rights at various stages—from application to renewal.

The decision to redesign and expand the Journal was driven by the need to enhance visibility of the Agency’s IP services for clients and the public. This initiative also aligns with the Agency’s statutory obligations under the various Acts it administers, as well as Zambia’s commitments under international legal agreements on intellectual property.

Key improvements to the journal include the introduction of a dedicated section for patents and industrial design filings through the Harare Protocol that designate Zambia. Additionally, the Agency has reinstated the publication of national trademark applications, not yet open for opposition, filed in the month preceding the Journal’s publication.

Another significant change is the adjustment of the Journal’s publication date from the 25th to the last day of each month to streamline dissemination.

Focus Areas for 2025

Looking ahead to 2025, the Agency will prioritise several legislative and operational initiatives aimed at strengthening the intellectual property framework in Zambia. These include:

Legislative Developments

- Promulgation of Regulations under the Patents Act No. 40 of 2016.
- Promulgation of Regulations under the Industrial Designs Act No. 22 of 2016.
- Operationalisation of the Trade Marks Act No. 11 of 2023, which introduces:
 - Protection for service marks, addressing a key gap in the repealed Trade Marks Act (Chapter 401 of the Laws of Zambia).
 - Recognition of well-known trademarks, bringing Zambia’s legal framework in line with international standards.
 - Standardisation of registration and renewal terms to ten years.
 - Enhanced enforcement mechanisms, including anti-counterfeiting measures and border control provisions to curb the importation of infringing goods.
- Repeal and replacement of the Copyright and Performance Rights Act (Chapter 406 of the Laws of Zambia).

Operational Enhancements

- Digitisation of IP records with the support of the World Intellectual Property Organization (WIPO).
- Enhancement of online trademark registration services, FrontOffice, supported by the European Union Intellectual Property Office (EUIPO). These efforts form part of the Agency’s broader strategy to fully transition to digital service delivery.

The Agency remains committed to enhancing IP protection, ensuring efficient service delivery, and supporting innovation-driven economic growth in Zambia.
